

# Kool-Aid Play Dough

*We will use play dough to learn about fractions! You could use it for multiplication(arrays and skip counting) as well.*

*Here is the recipe.*

1 cup flour

1/2 cup salt

1 envelope KOOL-AID without sugar  
(or you may try a couple drops of food coloring.)

2 tsp. cream of tartar

1 cup hot water

1 Tbsp. oil

Mix first four ingredients. Add oil and hot water. Blend with mixer.
